

“ECO-Astana NR” Ltd. is ready to cooperate with interested organizations for experience exchange and achievement of common goals when realizing business-plans on the territory of Kazakhstan.

Our company has the ability to represent the interests of the enterprises on the territory of the Republic of Kazakhstan in the areas of designing, development of regulative documents, scientific research and other works by suggestions of partners in all areas, especially oil and gas, as we have direct experience in that field.

As mentioned above, partnerships will have an impact on our companies by expanding the consumer market, increasing profit and exchanging experience.

Representation of the interests will be presented in:

- Joint participation in the Kazakhstan's companies tenders;
- Representation of interests in the state authorities when running the negotiations and when undergoing certain expertise for the realization of new projects;
- Establishing of the official representation on the basis of our company;
- Inviting to the complex scientific research work.
